DETAILED ACTION

A request for continued examination under 37 CFR 1.114, including the fee set forth in 37 CFR 1.17(e), was filed in this application after final rejection. Since this application is eligible for continued examination under 37 CFR 1.114, and the fee set forth in 37 CFR 1.17(e) has been timely paid, the finality of the previous Office action has been withdrawn pursuant to 37 CFR 1.114. Applicant's submission filed on 9/10/2008 has been entered.

REASONS FOR ALLOWANCE

The following is an examiner's statement of reasons for allowance: None of the prior art discloses or renders as obvious, "a float valve mounted within the housing ... that permits the flow of liquid through the liquid inlet" in combination with the rest of the limitations of claim 1. Kasugai et al.'818 provides a fuel tank valve having a relief valve, and a float which is responsive to liquid level. Mitchell provides an inlet float valve. The use of Mitchell as a secondary teaching for the inlet float device only serves to hinder the responsiveness to liquid for the float within the housing of Kasugai et al. Golden (3,044,482) provides an inlet float valve but is silent to having openings for liquid to pass in and out of the passageway.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Conclusion

The prior art made of record and not relied upon is considered pertinent to applicant's disclosure. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Craig Price whose telephone number is (571)272-2712. The examiner can normally be reached on 7AM - 5:30PM Mon-Thurs, Increased flex time.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Greg Huson can be reached on (571) 272-4887. The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300.
